CALL YOUR LOCAL NRCS FIELD OFFICE to discuss your county's requirements, and plan to distribute EQIP grants for greenhouse builds.

ACQUIRE A FARM NUMBER. Reach out to your local FSA office to schedule a virtual appointment, and complete paperwork necessary to receive your farm number.

There is NO application deadline, so **APPLY NOW!**

SCHEDULE AN APPOINTMENT with your local NRCS field agent. At this meeting, your representative will highlight funding plans, and other recommendations for your greenhouse build as they initially survey the area you wish to grow on.

HERE COMES THE MONEY! After approval, you can receive up to half of the cost of your greenhouse build up front, while in other cases you may get up to 90% up front. The NRCS will reimburse ALL money spent on the total greenhouse build.
