

Cross-Connectors

2" x 1 3/8" Purlin Brackets

by Jiggly Greenhouse®

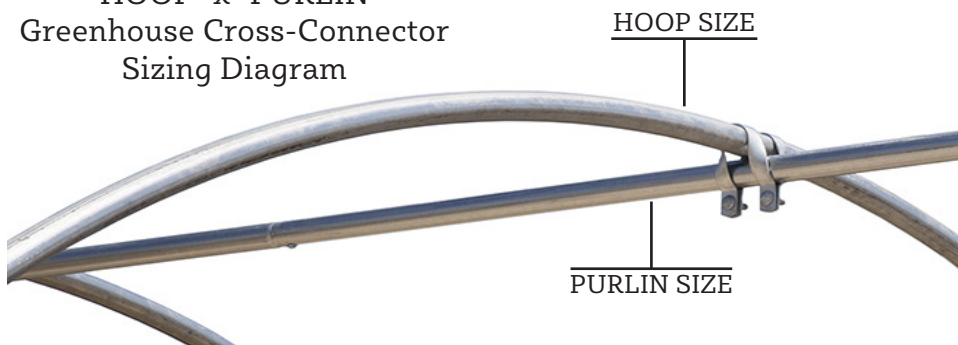

JG-PB2X138 - Greenhouse Frame Connector Brackets

***Carriage Bolts Sold Separately.*

- Designed for connecting two pieces of structural piping, ridge poles or purlins to overhead bows when assembling greenhouse frames.
- Installation is quick and easy, allowing for structural assembly in a non-invasive way with no need for drilling into the greenhouse frame.
- Galvanized Pressed Steel construction prevents rust and other wear and tear that typically occurs in greenhouse frames.
- Each set includes two individual cross-connectors, requiring only two 5/16" x 1 1/4" Carriage Nuts & Bolts.
- Designed For Greenhouse Frame Sizes:
 - Hoop Size: 2" (1.900" OD)
 - Purlin Size: 1 3/8" (1.375" OD)

JG-PB2X138 - Greenhouse Frame Connector Brackets

Jiggly Greenhouse® Cross-Connectors, commonly referred to as Purlin Brackets, are made for securely attaching greenhouse frame hoops to the overhead purlin beams. With the highest quality construction available and simple installation, requiring only two 5/16" x 1 1/4" Carriage Nuts & Bolts for assembly, these brackets are the most cost-effective and non-intrusive way for constructing greenhouse or hoop house frames. Available in a wide variety of sizes, ensuring the perfect fit for whatever your greenhouse frame needs may be.
