# Standard Grow Film

UVA Inhibitor & Anti-Dust Barrier (4-Year, 6 mil.)

by Jiggly Greenhouse®

## JGFILM-STD - Standard Greenhouse Covering Film

Jiggly Greenhouse® Standard Clear Plastic Greenhouse Grow Film is the most commonly used plastic film in the greenhouse and agricultural industry. The high-quality polyethylene construction paired with the unique 5-layer extrusion method allows us to provide our customers with grow film that has the perfect mix of UVA Inhibitors and Anti-Dust Barriers - ultimately creating a greenhouse grow film that not only will outlast the competition, but also provide maximum protection from the sun, rain, wind and snow. Master rolls for custom sizes are in stock and available in lengths ranging from 10' to 200' and widths from 10' to 50'.
